- Managing book circulations and issuing books, attending meetings to give better service

SKILLS

HTML   CSS   Javascript   React   Python

Vue   Tailwind   Graphql   Flutter   C++

Java   Go

PERSONAL PROJECTS

Gafat E-Commerce
- Gafat E-Commerce is a responsive **React** website, I took inspiration from different E-commence websites and build this one. For the future I have a plan to make it wide and real by integrating with backend
